Expressive Arts for Children

An exclusive program designed to help children understand their own unique feelings of grief after the loss of a loved one through death; and allows them to come together with others with similar losses. The environment is one where they are made to feel comfortable asking questions and expressing fears. The program is open to children between the ages of 6-12 and the parent or guardian must also be willing to participate in the complimentary Parent Grief Series in its entirety. Four-week sessions are held throughout the year with registration and a non-refundable fee required.
